Police Records Check with Vulnerable Sector and Local Records

This search is restricted to applicants seeking volunteer positions with vulnerable individuals. With your consent, a query of sex offences for which a pardon has been granted will be conducted in compliance with the Criminal Records Act (CRA).

Peel Regional Police will provide the results of any Records Check conducted only to you, the applicant. The Records Check will not be sent to the agency or employer.

It is your responsibility to decide whether you want to discuss the results of the Records Check with the agency for which you wish to work or volunteer. The role of the Service is to provide you with the results of the Records Check. The agency is responsible for determining your suitability for the position. The results of any records check is just one component of the information available to and evaluated by the agency.

A Police Records Check with vulnerable sector will only be conducted for free if the volunteer agency is registered with Peel Regional Police Records Services and this form is signed by the Volunteer Agency Coordinator and the volunteer. The signature must be accompanied by a contact telephone number.
